

Project Smile Student Eligibility

Project Smile is a grant-funded entity of Future Smiles which provides emergency dental care at a reduced rate for:

- CCSD students who are currently enrolled in a CCSD school
- CCSD students with urgent dental issues
- CCSD students who are without access to dental insurance

How does it work:

- Eligible students are screened by the school nurse when dental emergencies occur that may impact school learning and/or attendance
- Consent form is completed and signed by the parent
- Consent form is emailed by the school nurse to:
 - Sherry Moore (Community Outreach) - mooresa@nv.ccsd.net
- The application information is entered into Future Smiles' data base and sent electronically
- Future Smiles contacts the parent for an appointment
- Parent pays the application fee of \$5.00 to Future Smiles
- The student is referred to a dental provider, contracted to provide reduced rate services.
