

Professional Learning Communities (PLC)
for Early Childhood Teachers

Join us to collaborate with colleagues and continue your own professional growth. The topics covered will include; ECER-S III, NEPF, *Creative Curriculum® for Preschool* and how to use it in your classroom, and other topics decided on by the group. Attendance to all sessions is encouraged as the group will be guiding their own learning through discussion and collaboration. Please contact your Early Childhood Instructional Interventionist to find out the times and locations in your area.
