Expanded support for families seeking child care

Eligibility requirements for child care assistance have expanded. If you weren't previously eligible for financial support to help pay for child care, you may be now.

FREQUENTLY ASKED QUESTIONS

How do I find out if I'm eligible for support?

Contact the child care resource and referral agency (CCR&R) in your region :

How do I know if my child care provider accepts this funding?

Your CCR&R can access that information. If the provider you use/choose is not currently enrolled, your CCR&R can help recruit them or figure out their barriers to participating.

Can I get help if I use an unlicensed in-home child care provider, such as a relative?

Yes. However, the provider must go through a registration process including basic health and safety certifications through your CCR&R to become a FFN Provider (Family, Friend, or Neighbor) who can receive subsidy payments.

How is the intake process done?

The intake process can be done in person, over the phone, or by video call. Your CCR&R will use the method that works best for you.

If I have guardianship of a child, can I apply to help pay for their care?

Yes. If you have guardianship papers, a court order, or a statement from the parents, you may apply. If you are a foster parent or involved as a guardian in a child welfare case, we encourage you to apply regardless of your personal income situation. Please contact your CCR&R to discuss your case.

Does this cover before and after school care?

Yes. There are multiple providers that we contract with, including the Boys and Girls Club and Safekey facilities.
