

Dear Parents and Guardians,

Greetings! Allow us to introduce ourselves ~ we are Eye Care 4 Kids, a non-profit organization providing professional vision screenings, exams and eyeglasses to underserved students in Clark County School District. In addition to the two clinics we have listed below, we also have a Mobile Vision Clinic that travels throughout the district spending the day at a different school each day the district is open. The Mobile Vision Clinic is a fully equipped eyecare clinic on wheels, complete with an Optometrist, Optician and Optical Technician, all prepared to help your student through the appointment.

When we are at a school, we only see the students at that specific location and it is first-come, first-serve so, if you would like your student to be seen by us, make sure to complete both pages of the patient intake form and turn it back in to the school as soon as possible. We are typically able to see between 25 and 35 students in one school day.

Through the program, Eye Care 4 Kids will see CCSD students with a financial need one time per year at no charge. In this appointment, they receive a vision screening, a vision exam and can choose their eyeglasses (should it be determined that they need eyeglasses) again, at no charge. Should your student lose or break their glasses within that year, there is a reasonable replacement fee based on their prescription. Once we receive the eyeglasses from the lab, our Optician will go back to the school, dispense the eyeglasses and make sure they fit your student properly.

We are excited to be able to bring this service to your student's school and hope you take advantage of this opportunity. Please call us at 702.727.3525 if you have any questions at all.

Thank you!

Your friends at Eye Care 4 Kids
